

Products for Specific Requirements

Introduction

Overview

Electrical Charging Components

SIPLUS ECC1000 (CM-100)

SIPLUS ECC2000 (CM-230)

SIPLUS ECC8000 (SYS-101A, SYS-102A, SYS-202A)

Version

Charging controller for the implementation of AC charging stations for electric vehicles in accordance with IEC 61851

Charging controller for the implementation of AC charging stations for electric vehicles in accordance with IEC 61851 with Ethernet connection

Functional units (pre-wired und ready to install), consisting of a charging controller and load feeder for the implementation of charging stations for electric vehicles in accordance with IEC 61851
