

Blow molding: fully-electric blow molding machine

- Visualization with WinCC
- SIMATIC S7-300
CPU 614 for temperature control
- SIMATIC M7-300
FM 354, FM 356 for MOT and WTC blow molding technology
- Linking with PROFIBUS DP and SIMOLINK
- SIMOVERT MASTERDRIVES VC/MC converter system
- Compact AC asynchronous motors 1PA6/1PL6 with pulse encoder
- AC servomotors 1FK6 with absolute value encoders
